

Peng Lei holds a master's degree in Economics from Beijing University of Technology (BTUT) and boasts over a decade of experience in institutional finance and asset management. He began his career at the Industrial and Commercial Bank of China (ICBC) and has been involved in numerous challenging projects, including China Merchants Bank (CMB) credit asset securitization and major shareholder increases, China Merchants Shekou (CMSK) Industrial Zone asset securitization, Vanke business partnership Plan, and China Guangdong Nuclear Power Group enterprise annuity. Peng's cumulative asset management portfolio has exceeded 100 billion RMB, and his excellent execution has earned him widespread recognition and trust among his partners.

Since 2017, Peng has ventured into the investment sector, with a business scope that encompasses hard science and technology, health and medical sectors, new consumption trends, as well as mineral and energy industries. In 2022, he co-founded Wilson Capital in Hong Kong, with a primary focus on mergers and acquisitions and restructuring of local enterprises. His work also involves pre-IPO and IPO transactions for various stock exchanges, including HKEX, NYSE, NASDAQ, and the OTC market, further expanding his impact and influence in the financial and investment realm.
