

Touchstone Fund Placement. While the specific criteria may vary and would be best obtained directly from Touchstone Fund Placement or their official documentation, generally, fund placement criteria may include:

- **Project Viability:**
  - The project seeking funding should have a well-defined and viable plan.
  - The business or project should demonstrate potential for financial success.
- **Financial Institution Requirements:**
  - Companies or institutions seeking financing should meet certain financial criteria.
  - There may be specific requirements related to the financial health and stability of the entity.
- **Pre-IPO or IPO Initiatives:**
  - For companies planning an initial public offering (IPO) or seeking pre-IPO financing, there may be specific eligibility criteria.
- **Risk Mitigation Structures:**
  - Touchstone Fund Placement may assess the risk mitigation strategies in place for the project or investment opportunity.
- **Liquidity Methodology:**
  - Projects or investments should align with Touchstone's liquidity methodology.
- **Creditworthiness:**
  - Credit enhancement services may be provided based on the creditworthiness of the project or institution.
- **Investor Benefits:**
  - The project should offer potential benefits to investors, and the structure should be designed to secure those benefits.
- **Principal and Interest Guarantee:**
  - The fund placement may involve a guarantee to support the repayment of principal plus interest to investors.
- **Secure Investment Environment:**
  - Touchstone Fund Placement may look for projects or opportunities that contribute to a secure investment environment.

It's crucial to consult directly with Touchstone Fund Placement or review their official materials for the most accurate and up-to-date information on their fund placement criteria.
